Dear Hilton,

**IC-ENC VAR status: Jeppesen Marine**

I can confirm that the International Centre for ENC's (IC-ENC) has appointed Jeppesen Marine as a Value Added Reseller (VAR).

Jeppesen Marine has therefore demonstrated the appropriate business, technical and financial capabilities that the IC-ENC membership requires from a VAR, and thus receives data from IC-ENC on a weekly basis for incorporation into its service.

Further details of the role of VARs and the appointment criteria can be found here:

An up to date list of the IC-ENC membership can be found here:

Best regards,

James Harper  
IC-ENC General Manager
